

Raw

*I opened myself up*

*In so many ways to you that night*

*I spoke my truth*

*Then our bodies became one*

*After it all, tears welled up in my eyes*

*And you just held me*

*The tears streaming down my face*

*I'm not sure if you knew*

*How much it meant to me that night*

*How beautiful it was*

*To just be held by you*

*Raw in all my essence*
