

Try (You and I)

*Can we make this thing work*

*Can we give it a try*

*This thing we've been building between you and I*

*I think if we give it time it could be magical*

*Supernatural*

*Everything we've ever dreamed of and more*

*A love beyond what we've ever explored*

*So will you let me love*

*Will you let me try*

*To mend the broken heart between you and I*

*I know you're scared baby*

*But so am I*

*But please just let me try*

*To mend this,*

*To heal between you and I*

*To be your love*

*Your partner*

*And you be my guy*

*To not give up when things get hard between you and I*

*Baby just give this a chance*

*You and I*

*Baby let's just try*

*To mend you and I*

*And not wonder why we never even tried*
